

Science Experiments With Gravity & Motion (More Super Simple Science)

Make science simple! This book features easy and fun Science Experiments with Gravity & Motion using household items. Young readers can assemble experiments at home from an Unbelievable Balancing Act to Very Peculiar Pendulums. No laboratory needed! Each activity includes easy instructions with how-to photos, and short science explanations. Use fun to introduce math and science to kids. Super simple says it all. Aligned to Common Core Standards and correlated to state standards. Super Sandcastle is an imprint of ABDO Publishing Company.
