

25 Need-To-Know Key Performance Indicators

Includes 10 handy dos and don'ts of using KPIs. Want to measure the performance of your people and your business? Need a quick overview of the most useful KPIs and how to use them? Only want what you need to know, rather than reams of theory? With the critical Key Performance Indicators required to understand your employees, financials and customers, this book tells you what you need to know, fast. This book does a fantastic job of narrowing down the best KPIs for you and your team. Its short, sharp and incredibly useful. --Thomas H. Davenport, Distinguished Professor at Babson College and author of BigData@Work
