

## Kill The Normal: The Secrets of Revolutionary Designs..how design has evolved over the years and how it impacts our everyday life (Best Business Books Book 5)

Kill the Normal is an in-depth study on how design has evolved, how it impacts global society, and what it reflects about the ideals of cultures from around the world. From nearly microscopic 3D-printed organs to the theories behind modern architecture, this book went from the microcosm to the macrocosm and connected them in clever and accessible ways. If you've ever felt the urge to re-invent something or tinker with design, this is a book you're going to want on your shelf.
