

Anti Inflammatory Diet: Low Carb High Protein Diet For Weight Loss- Blood Sugar Solution For Painful Inflammation (Reverse Diabetes,insulin resistance ... low carb,diabetes diet, autoimmune disease)

A Simple & Easy Solution To Reduce Inflammation And Lose Weight For The Price Of Coffee 70 % of America is overweight...let that sink in for a bit. Where are we gonna be in 10 years from now with this rate only increasing. Our environment is not going to become any healthier, its really on ourselves to realize that the things we are eating are nearly poison for our body. Corporations dont care about our health and well being, understand that change is a must. You must realize that your current habits are not just hurting you but your family and future. Food is information for our body, dont let these short term solutions become your long term problems. Realize that you can transform your body but it takes patience. The typical America diet is filled with sugar and carbs,both causing constant cravings,inflammation,insulin resistance,diabetes,diabesity,being overweight, ect. Through out the day you are in either two states and two states only, catabolic(fat burning mode) or anabolic(not burning fat). When you consume certain foods especially carbs/sugar you are not in fat burning mode anymore. Eating a low carb diet ensures we are in fat burning mode,meaning insulin is not present in the body. Keeping insulin low ensures: -weight loss -becoming insulin sensitive -reversing diabetes -reducing painful inflammation -eliminating cravings,ect. -& much more For purchasing this book Id like to give you -30 Diabetic Friendly smoothie Recipes -5 powerful scientific methods to lose stubborn fat -An entire book on how to overcome cravings The Truth On How To Eliminate Cravings For A Thinner Waistline
