

Mortimer Jones and the Magic Pond

Amy is a young woman whose life is going along smoothly until, late one evening, she meets a strange and magical creature in her living room. He calls himself Mortimer Jones and explains that he comes from the Magic Pond in Ireland. Mortimer and his friends survived a mystical storm but one friend is missing, and they are out to find him. Amy and her newfound strange little secret friend Mortimer forge a bond that makes the story special and, ultimately, quite touching.
