

W. Shakespeare: Gent. His Actual Nottebooke

The discovery by Graham Clarke of Shakespeares Actual Nottebooke gives us a unique insight into the Great Bards most intimate thoughts and prejudices, from the moment he was expelled from school until he went to London. Includes torrid details of the life long antipathy to his rival Sir Francis Bacon. This book features Graham Clarkes own unique brand of absurdity to his interpretation of past and present history through the eyes of the common man.
