

A Coyote Solstice Tale

Wily trickster Coyote is having his friends over for a little solstice get-together in the woods when a little girl comes by unexpectedly. She leads the friends through the snowy woods to the mall a place they had never seen before. The trickster goes crazy with glee as he shops with abandon, only to discover that filling a shopping cart with goodies is not quite the same thing as actually paying for them. The trickster is tricked and goes back to his cabin in the woods somewhat subdued though nothing can keep Coyote down for long. Thomas King is known for his fiction featuring Canadas Native people, while Gary Clements artwork has appeared in several popular childrens books. A Coyote Solstice Tale blends Kings brilliant deadpan humor and Clements evocative watercolors in this witty critique of consumerism and consumption aimed at all ages.
