

A Picture for Marc (A Stepping Stone Book(TM))

GROWING UP IN Russia in the late 1800s, Marc Chagall doesn't know what art is. He doesn't even know what drawing is until one of his schoolmates shows him how to trace a picture in a magazine. Marc tries it himself, then decides to pull pictures out of his own mind - his Uncle Noah on the roof, giant chickens, flying cows, happy men with fiddles, and women with lambs. Suddenly Marc knows what he wants to do with his life. He wants to be an artist! From the Hardcover edition.
