

Will Love For Crumbs - A Memoir

Raised by an alcoholic mother and without a father, Jonna learned at a young age to put her needs on the back-burner. After her mother dies of cancer, she goes on a spiritual journey looking for enlightenment and a purpose for her life. Eventually, she ends up as a volunteer in the relief effort following Hurricane Ike. There she meets a man who will forever change her life. In the swamps of Louisiana and the hills of Arkansas, Jonna follows her heart to build a life with an American hero - a 20 year veteran of the Army Special Forces. Only after uprooting her whole life, leaving everything and everyone she knows behind, do the pieces of this fairytale start to unravel. Realizing the man of her dreams is actually the stuff of nightmares; Jonna must once again go within and discover why she is a woman willing to love for crumbs. Jonna Ivin is also the author of the crime thriller 8th Amendment

Attorney Lauren Atkinson has spent her career defending death row criminals. When a murder hits close to home and clues tie her to an old forgotten case, Lauren must stop at nothing to find the killer. With her marriage crumbling and her life in shatters she begins to question everything she has been fighting for. Will her views on the death penalty change once the killer is revealed?
