

## An Armadillo in New York

A winsome armadillo from Brazil takes a trip to New York in this delightful new picture book from Julie Kraulis. Arlo is an armadillo who is always up for adventure. His grandfather, Augustin, loved adventure too. When Arlo was born, Augustin wrote travel journals about his favorite places for Arlo to use when he was old enough to go exploring on his own. When Arlo reads about New York and the mysterious Lady Liberty, he decides its time for his next adventure. He travels to New York and, guided by Augustin's journal, discovers the joys of the city: gazing at the vast skyline, visiting the Guggenheim, walking across the Brooklyn Bridge and, of course, meeting Lady Liberty ... but who is she? Each spread has a clue about her identity, and kids will see hints of her scattered throughout the pages. This book is like a gorgeous stroll through New York with an adorable friend--a stroll you'll want to take again and again.
