

Skeleton Island (An Araminta Spookie Adventure)

Araminta and her best friend Wanda are going on a school trip to Skeleton Island, a place rumored to be the site of a scary ghost shipwreck. And when the pair is stranded overnight, they discover that there might be more truth to the island's name than they would have preferred. Now some terrifying pirate skeletons are on the loose, and they want to take the girls down to Davy Jones' locker with them! Will Araminta, Wanda, and an unexpected friend be able to thwart the ghostly crew, avoid a watery fate, and maybe find some lost treasure to boot? Told with her trademark wit and a dash of scary fun, along with black and white illustrations throughout, Angie Sage's latest tale is perfect for fans of Pseudonymous Bosch and Jacqueline West.
