

## Arthurs Neighborhood (Great Big Board Book)

Illustrated in full color. The fun starts right inside the front cover of this big oversize board-book companion to Arthur Goes to School. Arthur, his pesky little sister D.W., and four of their friends set out to search for Arthurs missing puppy, Pal - and sturdy punch-out toy figures let kids play out the search themselves. Each spread has at least one put and take slot cut into the board page, offering all kinds of interactive play with the figures. Can you find that playful puppy? Preschoolers will love searching through the many doors, cabinets, and drawers found on every spread trying to find him. Kids can even help Arthur try on shoes at the shoe store and tuck him behind the wheel of a great big hook and ladder at the firehouse.
