

Atlas of the Bible Lands

This informative, best-selling atlas features diagrams, maps, and charts that provide readers with a thorough understanding of the Biblical past and present. It features a section on the geography of the Holy Land showing terrain, vegetation, and climate information. The chronologically arranged maps show important political changes, the course of empires, and the expansion of the early Christian church. There are also many color and black and white photographs of Biblical places, artifacts, and archaeological sites.
