

Battlesaurus: Clash of Empires

In this roaring alt-history adventure, dinosaurs from a forbidden world have been turned into unstoppable weapons by one of the most ferocious military leaders of all time: Napoleon Bonaparte. In the wake of his crushing victory at Waterloo, Napoleon unleashes his vicious French general Marc Thibault and his brigade of giant battlesaurs to strike terror across Europe. England stands alone, but an invasion is looming. Its only hope is a secret attack led by Willem, a magicians son, deep inside enemy territory, to the very heart of Napoleons terrifying new army. In a stunning sequel to Battlesaurus: Rampage at Waterloo, deception and betrayal threaten the mission from its outset, but the courage and perseverance of Willem the saur killer and his compatriots lead to a clash of titanic proportions.
