Author Gazzaniga survived a terminal heart disease diagnosis and created a no-salt program that has saved thousands of lives and helped scores of heart patients to avoid a heart transplant. Together with his wife they have created six no-salt books, each one dealing with special recipes they created, tested and published. Featured in national magazines, on TV and radio, The No-Salt, Lowest-Sodium lifestyle is becoming more and more an acceptable way of life for all who want to live a longer and healthier life. Patients with Menieres Syndrome, Nephrotic syndrome, kidney and liver ailments and other maladies requiring a no salt lifestyle have returned to health after adopting Gazzanigas no-salt lifestyle. It worked for thousands of us, he says, and its a forever way to live that requires very little effort.
