On the day of the big game at Nuthatcher Farm, Rooster is sure that buffalo wings would be the perfect snack for the football-watching frenzy. But Rooster doesn't quite follow the directions, and before you can say touchdown! he is heading west in search of a certain missing ingredient. Rooster's quest is full of surprises, unexpected adventures, and of course, the perfect ending to his road-trip saga?the ultimate snack for his football fiesta. This mouthwatering follow-up to the read-aloud favorite Chicks and Salsa is told with flavor and flair by Aaron Reynolds, while Paulette Bogan's scrumptious illustrations will make tummies of all ages grumble for more.
