

Haunted House: A Touch and Feel Spooky Tour

Part of the excitement of touching something you can't see is that you never exactly know what it is you're putting your hands on! That's what makes Haunted House: A Touch and Feel Spooky Tour so much fun. Inside these rugged board pages, a friendly skeleton guides young readers through a haunted house. Along the way children are invited to put their hands inside of built-in pockets to touch a hairy spider, leggy vampires, fangs, eyeballs, and even gross, slimy brains! A glow-in-the-dark cover and an especially spooky pop-up at the end of the book add to the fun. Young readers won't be able to resist challenging themselves, their friends, and their family to reach inside the pockets if they dare!
