

The Mystery of the Bermuda Triangle (Can Science Solve?)

This updated edition asks some great questions. How many ships have disappeared in the Bermuda Triangle? What did Christopher Columbus find in the Bermuda Triangle? Can gas bubbles cause a ship to sink? Some things are so strange that they cannot be explained. The Can Science Solve? books present some of the most puzzling mysteries that logic and science have yet to solve. This series explains the connection between science and natural phenomena and how science can be used to try to explain mysteries.
