

# Chemistry for the IB Diploma: Study Guide (International Baccalaureate Course Companions)

Developed for the 2007 course outline. This study guide for the IB Diploma Chemistry exam was expertly written by a chief examiner and covers all the Core and Optional materials at both Standard and Higher level. Highly illustrated, this guide contains clear, concise review of processes, terms and concepts, with practice exercises modeled on exam question types. This guide is perfect as both a study aide for coursework and as a review guide for the IB examination.
