

Schol Sci Rdr: Spiders (lvl 1) (Scholastic Science Readers >)

See these eight legged creatures spin their webs! The Scholastic Science Readers series was created especially to bring exciting nonfiction to beginning readers. Illustrated with full-color photos. This basic introduction to spiders demonstrates their wide variety of colors and sizes, as well as the many different environments they live in. Be careful not to touch spiders! Just watch them closely as they spin silk to make webs, to protect their eggs, and to catch food.
