

## Dancing With the Devil: How Puff Burned the Bad Boys of Hip-Hop

He has recorded with the biggest stars in the music business. He wrote many of the hits that made Sean Puffy Combs one of the richest men alive. On the surface, the multi-million dollar empire that Puff built looks like the stuff of dreams. But after working with Puff for a decade, Curry discovered that Bad Boy Entertainment is not, as Puff promised, a place where dreams come true. No, rather it is a shell game comprised of contracts designed to rob artists of their time, dreams and publishing rights. *Dancing With the Devil* reveals startling new details about key events in the fast paced, controversial (and sometimes deadly) world of Hip-Hop. In revealing the dark side of the industry, Curry hopes to provide a road map for reforms necessary to prevent artists ending up in poverty, in prison or in the grave.
