Download your copy today! Why Slow Cooking? The low temperature of the slow cooker aids tremendously in the kitchen. People often over cook their vegetables and much of the nutrients in the food are burned away. With slow cooking the food retains its nutrients and is cooked uniformly. Additionally, slow cooking is perfect for people on the go. Most of the recipes require just 20 minutes or under of preparation. Do this at night and have breakfast waiting for you! Do this in the morning and have dinner ready when you
