

Walt Disney (History Maker Bios (Lerner))

True or False: In spite of huge fame and success, Walt Disney often struggled to make enough money. True! Many of Walt's movies were hits, but the money they made was always spent on his next project. Each idea Walt dreamed up was bigger than the last. And he spent whatever it took to make each movie perfect. He created Mickey Mouse on a train ride. He got the idea for Disneyland while watching his daughters ride the merry-go-round at the park. He brought live deer into the studio during the making of Bambi.
