

Demon Dentist

The UK's #1 bestselling children's author, David Walliams, hailed as the heir to Roald Dahl by the Spectator, bursts onto the American market with *Demon Dentist* and this is one dentist appointment you don't want to miss. Something strange is happening in Alfie's town. Instead of shiny coins from the tooth fairy, kids are waking up to dead slugs, live spiders, and other icky, terrible things under their pillows. Who would do something so horrific? Alfie is sure that Miss Root, the new dentist in town, is behind it all. There's nothing Alfie hates more than going to the dentist, but to solve this mystery, he may have to book a dreaded appointment...
