

Dont Call Me Pig! A Javelina Story.

Dont Call Me Pig!uses a delightful rhyme and clever colorful illustrations chock full of detail to tell the javelinas story. What exactly is a javelina? The hairy little animal is shaped much like a pig. It has a snout like a pig. It makes grunting noises like a pig. But is it really a pig? No way. Is it some type of large, hairy rodent? Nope. Not at all. Not even close! Javelina is just one name for a creature that lives in large families and roams in herds across the Southwestern deserts. Collared Peccary is another. One thing is certain, after reading this amusing story, readers of all ages will know why they should never, ever call them pigs!
