

Dragonbreath #9: The Case of the Toxic Mutants

Attention all Wimpy Kid and Bad Kitty fans! Who do you call when you have a really weird mystery involving mutants, toxic sludge, and enormous missing dentures? Detective Danny Dragonbreath, of course! He may not be as book smart as his nerdy friends Wendell and Christiana, but this dragon knows more about strange creatures and slimy things than anyone... and this case is really strange and slimy. Featuring Ursula Vernons trademark comic book hybrid style, the Dragonbreath graphic novel series is guaranteed to make you laugh until smoke comes out your nose!
