

Eat Like a Bear

Can you eat like a bear? A sleepy bear awakes in spring and goes to find food. But what is there to eat in April? In May? Follow along and eat like a bear throughout the year: fish from a stream, ants from a tree, and delicious huckleberries from a bush. Fill up your belly and prepare for the long winter ahead, when you'll snuggle into your warm den and snore like a bear once again.
