

## Esther: The Peasant Girl Who Saved a Nation

Esther is a young Jewish girl raised by her Uncle Mordecai, who teaches her strong values and morals that helps develop her character in a beautiful human being. The King of Persia banishes his wife for disobedience. In his search for another lovely queen, Esther is plucked from obscurity to become the Queen of Persia-known today as Iran. When she learns of a maniacal conspiracy to annihilate an entire race of Jews, she puts her life on the line to save her people.
