

Eyes, Nose, Fingers, and Toes: A First Book All About You

From a wiggle of their shoulders to a stomp of their feet, a group of lovable toddlers joyfully explores the many ways to use their bodies. Lips can be made small for kissing, while arms can go up and down or reach out to hug those we love. Judy Hindley's jaunty text and Brita Granstrom's playful illustrations are perfect for children as they begin to discover the wonders of their bodies and the joy of learning to move.
