

Farewell Floppy

It was the perfect plan: abandon pet rabbit Floppy in the woods and take a giant leap toward adulthood. Having a bunny that moonlights as a best friend is for babies, right? Its better to cut a pet loose, make new human friends, and not be so dependent on a floppy-eared fur ball bent on chewing electrical cords, right? If saying good-bye to Floppy is required to grow up, why does life without Floppy seem so wrong? From Benjamin Chaud, the critically acclaimed author/illustrator of *The Bears Song* and *The Bears Sea Escape*, comes this unforgettable, thought-provoking picture book about the power of unlikely friendships.
