

Pablo Goes Hunting

Fox cubs Pablo, Poppy, and Pumpkin are hungry and can't wait for Red Fox and Rose to come back with supper. They sneak out of the den, watched by Gil Gull. They try fishing in the canal, but they end up soaked, so they head for the market instead. There they see more food than they've ever seen before - but also some nasty dogs. Just when Pablo thinks he has supper and a hiding place, he finds himself soaring up into the night, while Poppy and Pumpkin look on helplessly. Will Pablo, or for that matter Poppy and Pumpkin, return safely to their den? Bold visuals and appealing text make this a charming adventure for young readers.
