

Genesis the Comedy: A Tale from the House of Reptilia

Deep in the Wealden countryside, there is a tortoise in a garden. Remelius Reptilius and his kind have walked the earth for millennia. As he basks in the sunshine, he remembers the tales of long ago. Not everybody wants to listen, but he tells them anyway. Remelius Reptilius takes to his rubble pile and weaves his stories, which are laced with the wisdom of those who walked before. But it is wisdom that he himself fails to remember on a daily basis, though he feels nonetheless enriched by it and his duty to pass it on. In this story, Remy finds himself unexpectedly living his own teachings, as his own joyous life experience brings the wisdom home.

Genesis, the Comedy: A Tale from the House of Reptilia will be enjoyed by ages four to ninety-four! About the Author Kitty Kevan lives in the English countryside with her children, ponies, tortoises, and many other four-leggeds. She rescued her first tortoise from becoming soup at the age of four, while staying in a remote part of Southern France. She went tortoise hunting and learned a lot about these animals by watching them in the wild. Remilius Reptilius is born from her passion for these mysterious creatures. The author wrote and illustrated this book in their honour. Publishers website: <http://sbprabooks.com/KittyKevan>
