

Seaborn

THE BOAT IS SINKING. YOU HAVE TO MOVE. When Lukes sailing trip goes horribly wrong, he must face the vast and brutal sea in this story of one boys survival and coming-of-age. On the evening before Lukes familys annual summer sailing trip off Cape Cod, Lukes mother leaves. Luke is left with his angry, confused father on a small boat for a week and the trip goes horribly wrong when a summer storm sweeps Lukes father overboard. Not knowing whether his father is dead or alive, Luke must figure out how to survive on a wrecked sailboat far out to sea. Fans of Gary Paulsen and Will Hobbs will be captivated by Craig Moodies depiction of the North Atlantic in this coming-of-age adventure.
