

Happy Bees!

Silly, lyrical, and oh so fun, happy bees fly through the neighbourhood causing mischief at picnics, in the backyard, and just about everywhere they turn up! In the background, a bear tries all sorts of antics to get to the bees hive for its honey. Bonus CD (in slipcase on inside back cover closed with a seal) has 8 songs about bees, composed by Arthur Yorinks and set to music and sung by professional artists (to be named).
