

Here Is Antarctica (Web of Life)

Penguins, whales, seals, fish, and many other animals are all part of the food web of Antarctica. Environmentalist author Madeleine Dunphy uses a cumulative approach, combining lyrical verse with repetition, to reveal the interdependency of life in Antarctica. Tom Leonard's vibrant paintings, from the flash of orange on a penguin's beak to iridescent icebergs jutting from the sea, beautifully capture a wondrous miracle--the circle of life. HERE IS ANTARCTICA will fascinate and inspire children as they explore this endangered environment page by page.
