

Hattie Peck

Poor Hattie Peck simply loves eggs, but she has only ever laid one egg and it never hatched. Eggs are all she thinks about, all she dreams about. No egg is too big; no egg is too small. So if she can't lay another egg, she's going to have to go out into the world to find one. Hattie embarks on a journey in search of all the abandoned eggs. She dives to the deepest depths of vast oceans. She soars over gigantic cities and climbs up mountains towering above the clouds. Through gloomy dark caves, deep below the ground, Hattie searches. And she doesn't find just one egg. There are so many abandoned eggs, just waiting for her to find them! With her newly gathered eggs in tow, Hattie Peck returns home. Sitting on so many eggs at once is quite the task, but Hattie doesn't mind. Days and weeks pass, until one day, finally, there's a Crack! Scratch! Tap! But what will happen when all those eggs hatch together? Energetic and colorful illustrations fill this story with humor and fun. Kids will take away positive messages about making your dreams come true in unexpected ways. This can also work as an adoption story about unconditional love. With a cute surprise ending, this is sure to make kids laugh and smile. Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers: picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.
