

The Call of the Wild and White Fang (Vintage Childrens Classics)

A thrilling tale of Bucks fight for survival and rise to become leader of the pack, presented here with companion novel White Fang. Buck does not read the newspapers. If he did, he would have known that for good strong dogs like himself trouble is brewing. Man has found gold and because of that Buck is kidnapped and dragged away from his sunny home to become a sledge dog in the harsh and freezing North. With strength, imagination, and cunning on his side Buck must fight for survival. But will he ever trust Man again? This book also includes White Fang a story about a wild young cub, part dog and part wolf. With additional materials for readers to find out if they're a wild wolf or a faithful dog, and learn more about the Arctic gold rush.
