

Inside Little Britain

Written together with friend and journalist Boyd Hilton, this is a look at a year in the lives of Matt Lucas and David Walliams the good, the bad, the mundane, and the monumental. The year covered includes a mammoth nine-month Spinal Tap-esque tour where Little Britain goes in search of Great Britain. This milestone book offers an unrivaled close-up of a classic British comedy act, as it happens, at the height of its powers. But it is also a journey into their pasts, reflecting on how they achieved their success. It covers their childhoods, family life, and early comedy performances as they found their feet; their complex friendship and working relationship; and the increasingly insane world they now inhabit. Mixing memoir and travelogue to paint an engrossing portrait of fame and comic genius, *Inside Little Britain* is a candid look inside the celebrity bubble in all its glamour and awfulness.
