

# Inspired Marketing

How do you get customers to open their wallet and buy from you if you can't even get their attention? How do you get them to act now without resorting to overused scare tactics and high pressure sales copy? How can you get customers to believe you when all your competitors offer pretty much the same things you don't? Inspired Marketing is the first audiobook to explain how to sell without resorting to hype, scare tactics, manipulation, or settling for low response rates using an amazing step by step formula anyone can use. It is the answer for every salesperson or marketer who knows that the old sales tactics no longer work, and that long-term sales success requires fresh ideas and new tactics. You will find them in abundance here! Vitale and Perrine combine their unique insights and experience to write this profit boosting audiobook and reveal their secrets that have enabled them to become not only super successful but beloved and respected at the same time.
