

The Inventors Secret: What Thomas Edison Told Henry Ford

* NSTA 2016 Outstanding Science Trade Book for Students K-12 *Thomas Edison and Henry Ford started off as insatiably curious tinkerers. That curiosity led them to become inventors--with very different results. As Edison invented hit after commercial hit, gaining fame and fortune, Henry struggled to make a single invention (an affordable car) work. Witnessing Thomass glorious career from afar, a frustrated Henry wondered about the secret to his success. This little-known story is a fresh, kid-friendly way to show how Thomas Edison and Henry Ford grew up to be the most famous inventors in the world--and best friends, too.
