

The Creeps: Book 1: Night of the Frankenfrogs

In Pumpkins County, weird things happen every day, but nobody ever makes a fuss. Nobody, that is, except the Creeps: Carol, a big-city girl new to Pumpkins County, who finds kindred spirits in Mitchell (monster expert), Jarvis (military brat with logistics know-how), and Rosario (girly girl on the outside, muscle underneath). The Creeps are on the case to figure out the spooky mysteries and still get to class on time. Last week it was a pudding monster. This week, its killer frogs reanimated from the teams biology class dissection experiment. Whos behind the Frankenfrog attacks? The Creeps will track down the answers! In this new creepy graphic novel series, Chris Schweizers art is full of the visual excitement that only the best graphic novel creators can pull off.
