

The Singing Chick

One day, an egg rolls into the forest. It hatches, and out pops a bright yellow chick. The chick is so happy to be alive that he starts singing and doesn't stop, even when a fox swallows him up. But then the fox can't stop singing, so a wolf eats him up. And the wolf can't stop singing, so a bear eats him up. Full of madcap humor that aims straight for a preschooler's funny bone, this is a happily-ever-after story that kids won't be able to stop singing about.
