

Alpha: All About Creation (Bible Studies for New Christians Book 1)

Here we consider the Bible view. This is a basic study of Creation, found in Genesis and Books of Prophecy, using an optional version. I have found ten illustrations in the book that I'd like to share with you. (1) The Bible claims to be a holy book from God. This was proven to be true when the Bible was taken out of public schools, and the morals of our kids deteriorated. (2) The snake in the garden was possessed with Satan. This is proven by other places in the Bible where the devil was called a snake. My illustration I have is I have seen demons 3 times. (3) We see a Covenant God with the first two people. My covenant with God is through the blood of Jesus. (4) Jacob had a change in nature when he encountered God. I had a change in my nature when I was born again. (5) The characters are born in sin. I show I was also. (6) The way Abraham went to Canaan is like the way I came to California. (7) The Well where the servant found Rebecca show how Jesus tells about the woman at the well and living water. (8) Rebecca and Isaac had produced a dysfunctional family. I tell about going to a dysfunctional church. (9) Jacob had a large family and moved them back home. I grew up in a small family that moved a lot. (10) Joseph is a type of Jesus. I believe this meets the requirements of the publisher. When we see that all that God gets out of having us believe in creation is a bunch of snotty-nosed kids, we wonder why would he give his glorious son to die for us. Just that thought alone is enough to cause us to consider how great God is. Jesus took our sins and gave us His righteousness. There has never been a better deal than that.
