

Management For Dummies

Management For Dummies, 2nd Edition has been updated to include the latest trends in management thinking, updates on management software and technology and includes brand new sections covering globalisation, internationalisation, leadership and managing in difficult times. Written by a team of business professionals with decades of experience, this book is perfect for all levels of managers; new managers and managers-to-be can find everything they need to know to be successful; experienced managers can find tips on shifting their perspectives to take a fresh look at their management philosophies and techniques to make their jobs easier and their employees a lot more effective.
