

## For Those About To Cook

For Those About To Cook is a collection of recipes, anecdotes and pictures from musicians and music industry personnel. With contributions from numerous musical genres and countries, this is truly a multi-genre and multi-ethnic collectors cookbook. Readers will be presented with recipes ranging from appetizers to full course meals and desserts. For Those About To Cook is more than a cookbook: it is also a fan collectible as it includes short informative biographies, high quality pictures of the artists (mostly in a kitchen setting), pictures of the food and, in some cases, a quote about why the recipe or food is important to the contributor. Bruce Moore, the author, is a regular weekly contributor to PureGrainAudio, and has been published in various national and international music magazines including HM Magazine, Thrash Magazine, Crave, Sick Drummer, and The Gauntlet.
