

Mosquito Bite

READY-OR-NOT-HERE-I-COME. The boy listens. The girl is getting closer. Suddenly, there's another sound. A droning buzz. Something else is looking for the boy. The seeker is a mosquito, *Culex pipiens*, and her search is a matter of life and death. She must find food blood to nourish the hundreds of tiny eggs inside her body. Black-and-white photographs show the children's game of hide-and-seek, while astonishing micrographs show *Culex* and her world as seen through an electron microscope. Zoom in for a close-up view: A blade of grass looks like a menacing field of spines. A mosquito's eye becomes a bundle of tightly packed tubes. Discover the life story of a mosquito from a truly larger-than-life point of view.
