

My Zoo

The zoo awaits you! With more than 40 models of wildlife and their habitats, this innovative book has everything children need to construct a wonderful animal world no tape or glue required. The sturdy pieces press out and slot together, and when all the pages are removed, the cover boards become the play surface. Once its built, the fun continues as young storytellers make up their own tales: Will visitors see the dolphin show, buy an ice cream, or help find a lost baby penguin? Kids can go as far as their imaginations take them!
