

Our Place in Space (59 More Ways, 2)

Fun, Interactive Faith Lessons From Gods Amazing Creation! Our Place in Space (and 59 More Ways to See God Through His Creation) introduces young readers to the physical sciences while inspiring wonder about God. For homeschoolers, family devotions, a child's personal quiet time-or the inquisitive kid who loves science-these sixty readings explore... earth's perfect position in space the formation of clouds and rainbows what causes the northern lights the power of thunder and lightning electricity how seasons change ...and much more! Each chapter includes hands-on activities, a Scripture verse, and a devotional thought that link the scientific fact to God's love for us and our love for Him. Sidebars, margin notes, and vocabulary words in every chapter add to the fun.
