

Peak Performance Under Pressure: How to Achieve Extraordinary Results Under Difficult Circumstances

Navy Ace pilot and TOPGUN instructor Bill Driscoll demonstrates how his own life-or-death aerial dogfights--and the preparation for them--can help guide high-risk corporate decisions. Interviews with over 200 senior executives and 26 Ace pilots, as well as strategies from Driscoll's own highly successful second career in commercial real estate, reinforce the consistent patterns underlying exceptional performance under pressure. Benefits - Make tough, split-second decisions under the pressure of the fast-paced, competitive battleground of global enterprise. - Cope with ever-changing business conditions, such as company downsizing, management changes, dwindling resources, and tight deadlines. - Boost personal, team, and organizational performance.
