

## Piece Of My Heart (Da Capo Paperback)

In 1972, Stonehill Books published David Dalton's *Janis*, a multimedia extravaganza that incorporated interviews, quotes, photographs, lyrics, Rolling Stone Clippings, sheet music, a record of rapping and singing, and prose as wild and moving as Janis's performances. *Piece of My Heart* is a reconstruction and revision of that early work - one of the first rock n roll books leaving the prose and interviews intact, adding dozens of new photos, and incorporating a wealth of new material. Here is the best possible portrait of the lonely teenager from Port Arthur, Texas, who took the blues farther than anyone before or since, offering revealing glimpses of her on the road backstage with Jerry Lee Lewis, kidnapped in Kansas, partying with the Grateful Dead, the Band, Bonnie and Delaney, and with her own band, Big Brother and the Holding Company. But *Piece of My Heart* goes beyond Janis's own story to provide us with a portrait of the Kosmic Blues themselves - the self-destruction that lies at the heart of the rock n roll myth.
